

You're invited to the 2010  
**Wild Fish Soirée & Benefit Auction**  
"Special Fall Edition"

Join us for a memorable evening of live music, gourmet food, fine wine and lively socializing, and help Wild Fish Conservancy build a more sustainable future for the Pacific Northwest as we kick off our Harvest Reform Campaign.

This year we've moved our annual celebration to the fall to coincide with this important undertaking.

Wild fish are the life-blood of the Pacific Northwest, providing the critical transfer of marine nutrients throughout the ecosystem. This annual "nutrient-pulse," from the sea to the headwaters of our rivers, is vital to the survival of salmon as well as numerous other species. Current harvest practices are hindering salmon recovery and threatening the overall health of our ecosystem. Recovery will not happen without harvest reform. Wild Fish Conservancy has a plan, but we need your support. Help us meet the challenges and opportunities that lie ahead by attending this important fundraising event. All proceeds from the evening will support this effort.

See you at the event.

Sincerely,

Kurt Beardslee, Executive Director

## Join Us!

**When:** Friday, September 17, 6:00 to 10:00 PM.

**Where:** Willows Lodge, 14580 NE 145th Street, Woodinville, WA.  
[www.willowslodge.com](http://www.willowslodge.com) for directions.
